Ref: **STIP AMENDMENT 04S-015**

The Tulare County Association of Governments (TCAG) is requesting the California Transportation Commission (Commission) approve this State Transportation Improvement Program (STIP) amendment. This amendment was noticed at the December 2004 Commission meeting. There were questions on the Notice that have been addressed.

Action Update: At the December 2004 Commission meeting, there were concerns regarding the proposal to advance Tulare Transportation Enhancement (TE) Reserve (PPNO D006) funding in FY 2006-07. In response to the concerns, TCAG and the City of Lindsay have agreed to move \$2,218,000 in Construction for the City of Lindsay's Downtown Pedestrian Improvements project (PPNO D010) from FY 2006-07 to FY 2007-08.

TCAG proposes to move \$4,082,000 of Regional Improvement Program (RIP) funds programmed under the Tulare TE Reserve (PPNO D006) in FY 2005-06 through FY 2008-09 to eight new eligible projects.

RECOMMENDATION

The Department of Transportation (Department) recommends approval.

BACKGROUND

In the 2004 STIP programming cycle, TCAG's Regional Transportation Improvement Program (RTIP) included \$4,705,000 of RIP funds to be programmed in a TE Reserve. The Commission, under Resolution G-04-07, approved the RTIP on August 5, 2004. In programming a TE reserve, TCAG had the opportunity to have a call for projects and determine which TE projects would be the most competitive for the funds. TCAG selected eight TE eligible projects and proposes to move \$4,082,000 of RIP TE from the reserve to the eight projects, leaving \$623,000 programmed in the reserve. The eight new projects and total programmed amount per component are shown in the following attachment, along with the matching local funds.

RESOLUTION

Resolved, that the California Transportation Commission revise the 2004 State Transportation Improvement Program at the end of the 30-day notice period as shown in the attachment.
